

Achieving Health Equity Through Growth, Innovation, and Reflection

October 22, 2021 • Virtual Event

Achieving Health Equity Through Growth, Innovation, and Reflection is an event planned to convene nurses nationwide. This event will explore how nurses can harness the momentum of personal growth to affect systemic change.

This event will provide up to **6 CE!** One of the sessions will also satisfy one hour of the state-mandated **implicit bias training** for nurses.

Key Learnings

1. Learn about the goals of the nursing profession with respect to health equity.
2. Learn how to apply your knowledge to positively impact health disparities.
3. Learn about impacting marginalized communities, engaging underserved populations, and improving health literacy, while identifying ways to integrate these learnings into practice.
